

EPOCA S / S-TANK

Epoca's design is based on an extremely dynamic, informal style.

*The semi-automatic **Epoca S** version is extremely easy to use and reliable in every situation.*

Available in versions with 1 group, 1 group TANK and 2 groups.

The filter holder is fitted with a new ergonomic handle, designed to ensure smooth wrist movement and maximum user comfort.

The EPOCA range of features is rounded off by side-mounted shockproof bumpers, offering ample protection even at the busiest times of day.

Red and coal grey are enhanced by a metallic effect that gives Epoca a shiny, modern feel.

EPOCA's great flexibility is seen to the full in the Tank S version, thanks to the use of an independent water tank that makes it versatile and usable even in locations without access to a water supply.
